Twelve Months Forecaster

As the planets move around the zodiac they make 'aspects' or angles to the planets in your birth chart. In astrology these 'aspects' are called 'transits' and they are detailed in the pages that follow.

Sometimes a planet may aspect another, then appear to move forwards and then backwards for a long period of time recreating the same 'aspect' several times over. This backwards motion is known as 'retrograde' motion.

This forecast can be used as a helpful guide to the next twelve months. At all times it is for you to choose the best path to follow and develop the most positive parts of your character.

Significant others

Personal and business relationships and partnerships come to the fore. You should now be dealing with the public or working in a team effort much more than usual. You will also be looking for feedback and reassurance from others. But there may be a tendency to expect too much from relationships, resulting in disappointment when your partner does not or can not live up to the image that you have projected onto them. In any marriage or partnership, this is a time to be honest about what you want and expect from each other. There may now also be some conflict or concern with legal matters.

Chitchat

Your focus will be on relationships. Do not work alone. By co-operating with others, you will accomplish more. This would also be a good time to talk through and resolve long standing problems in either personal or business relationships. In romance, you will be attracted to lovers who can satisfy both your physical and intellectual needs. Also be aware that this is an excellent time for appearing before the public or tackling mental work with the co-operation of a business or personal partner.

Harmony

The focus is on all relationships, business or personal but especially romance. As you will be so relaxed, love relationships should be a source of tremendous pleasure and satisfaction. You will now go out of your way to show loved ones just how much you care. A new love affair could begin but take care not to place a lover on too high a pedestal or expect them to live up to some kind of impossible ideal. Feeling confident and more co-operative, past differences could now be more easily resolved, especially any matter concerning legal confrontations.

From about: 1 September 2011 to about: 20 October 2011

♂ transiting your natal 6th House

Health watch

This is a time of discipline, enterprise and initiative. You will now work extremely hard to get things done, and will take extreme pride in the work that you do. However, you will not be very tolerant of anyone lording it over you, preferring to be your own boss. This could therefore lead to conflicts with those in authority, especially if you are not getting the credit you think you deserve. Also beware impatience with less energetic employees or colleagues. Keep physically active otherwise repressing frustrated energies could build up inner tension which would eventually cause health problems or accidents.

You may decide to take up a new course of study or retrain for a different career. Relationships with family should also improve, and they could be of tremendous support and help to you now. This is therefore an excellent time for frank discussions and communicating your needs. There could be a greater than usual tendency to talk on the phone, or write letters. Impressionable

You may now choose to view life through rose tinted glasses or possibly have difficulty in establishing a sense of self-identity. Meditation or psychotherapy would be helpful. There is also a danger of turning to hard drugs or alcohol to alleviate the harsher realities of life. This is not a good time to gamble or make financial investments. Nevertheless, at its most positive, this should be good time for those in the caring or helping professions as the sensitivity of Neptune will allow you to have compassion with others. Neptune may also surrounded you in a cloud of mystery, which others may find enigmatic, alluring and attractive.

Keep to the point

Unable to concentrate for any length of time, responsibilities and professional duties may be neglected or even ignored. Therefore, important personal or business decisions and negotiations should be temporarily postponed until this period has passed.

As misunderstandings may occur at home or in your personal life, communication will be extremely important during this period. If you want to get your message across then make sure it is concise and to the point. Make sure your message comes across loud and clear.

As vitality could be lower than usual, you are likely to feel lethargic with no energy to spare. This is a good enough reason to lie low for a while, keep physical effort to a minimum and rest as much as you can, or you may become prone to infections. Avoid excessive alcohol or abuse of drugs.

Secrecy and deception could be your worst enemies during this time. Perhaps you may become involved in a secret love affair, or some sort of 'behind the scenes deception in your business life. The catalyst for this conduct is likely to be suppressed and hidden anger, aimed at a particular individual. Conversely, this may be aimed at you.

Tough going

The next few weeks are likely to bring mixed blessings. Although the going may be tough, this is the time when the tough will get going.

Additional responsibilities are likely to be piled upon you and may weigh you down considerably. You can try to lighten these pressures and responsibilities by disposing of the deadwood in your life but be careful not to throw out precious budding new saplings with the weeds. At times it can be difficult to differentiate between what is good for you and what you really want.

You are now entering a new astrological cycle that will affect you for the next 8 years, so there is no need to rush decisions. Strong foundations need to be built with patience, care and precision. You may have to learn new skills, or even retrain for a completely new career. You could almost consider the experience that you've accumulated to date as a training period, which has been preparing you for the next 8 years ahead.

In business, it is time to wind up projects and deals that have just been staggering along. It is time to cut your losses and concentrate on new contracts and propositions. The same goes for love affairs and personal relationships. Stable, happy and secure relationships will not be affected by these particular planetary transits, but outworn negative relationships will more than likely disintegrate.

Remembering when

This will be a time of harking back to the past - remembering sentimental dreams and journeys. This certainly will not be a time of tremendous achievements - you will much prefer to lose yourself in your own world of fantasy and daydreams. Or you will be so busy meeting people that other, more serious, responsibilities may be ignored.

If you are worried about your weight then be particularly careful with your diet as unwanted pounds could easily be gained around now and not so easily shed in weeks to come!

A word of warning: be careful not to over-extend or over-commit yourself. No matter how much you think you can handle, you are only human and you will get tired from time to time. Make sure that you allow yourself plenty of time for rest and relaxation.

You will not be in the mood to take life too seriously during this time - so important decisions should be temporarily postponed until you feel more self-assertive and more committed to action rather than daydreams.

You may become involved in unusual religious activities - or join some kind of spiritual group around now. Just beware of false prophets. On the other hand, you may choose to escape the reality of life through excessive alcohol or drugs. Not such a good idea - especially now, when your imagination is at it is highest peak. Over-indulgence can lead to bizarre mental experiences.

Exhilarating

Expect some disruption to your love life during this time. Either you, or your partner, may take unusual steps to either inject some fresh life into a present relationship; or one of you will start to look for something new - a love that is more unpredictable and exciting.

Love affairs started during this period are likely to be exactly that - unpredictable but also electrifying and exhilarating. Even the most composed and level-headed individual could now be completely swept off their feet by whirlwind romance! This relationship certainly will not be boring as you will be attracted to potential lovers from a completely different background. However, after the lightning has struck, there is also likely to be some thunder and, therefore, the relationship will probably be unreliable and short-lived.

All long-term partnerships are likely to suffer some emotional shake-up now - the strong relationships will endure, but those built on shaky foundations are now likely to feel the strain.

Apart from romance, you will be looking for more excitement in other areas of your life as well. If you are restricted by a boring and mundane job, then during this time you are more likely to impulsively throw caution to the wind and change jobs before you've really had a chance to think about what you are doing. Within a few short weeks you could find yourself doing something completely different!

Transiting ♃ □ ♀ your natal ♀

Over confidence

Your mind will be full of ideas and plans for the future during this time. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path. Interference and criticism will not be easily tolerated.

Nevertheless, talking and communicating with others and sharing your ideas will also be important to you - but you must also be willing to listen to their viewpoint as well. Ignoring others' needs and wants will not necessarily be an act of deliberate malice, but a result of exuberance and over-enthusiasm to see your own plans go into action and come to fruition. However, in envisaging an overall large-scale scheme and outline for the future, you may overlook small, but vital, details.

Therefore, in ignoring these small, but necessary and practical details, despite your enthusiasm, you may lack the necessary discipline to put your grand ideas into practice. Too many unresolved petty details could leave your mind confused and in a muddle. The small things of life may start to go wrong, a car breakdown, missing a bus, losing credit cards, etc. Headaches could result.

If possible, temporarily postpone foreign travel or dealings with long distance business negotiations. Also, your privacy may be invaded in some way during this time - perhaps by unwanted visitors suddenly appearing on your doorstep.

'Catch 22'

This may not be one of the easiest times of your life. Your confidence may be easily shattered, and self-inflicted feelings of doubt in yourself could create problems where there are none. In other words, you could go looking for trouble - and worrying about events and possibilities that haven't even happened. However, you could be creating a 'Catch 22' situation. By actually worrying too much, you could create anxiety attacks and problems that should never have existed in the first place.

Whatever you started, possibly seven years ago, may now be put to the test. This could affect any area of your life - your job, personal relationships, business or family life. Whatever the case, you will now be devoting much more time to deep soul searching thought - questioning the direction and value of your life. In some cases, drastic changes will need to be made.

However, you may find that obstacles are put in your path. You will either decide to jump these hurdles, or lay low until your strength and confidence returns, which should be after this period has passed.

Avoid making business or property related decisions around now, as you may find problems with the legal side of the transaction. You may also have problems with parents, or older people in authority - either in your personal or business life.

You will often get the feeling that you know what other people are going to say and do, before they've even had the chance to voice their thoughts.

However, do expect some moodiness. You may be subject to rather erratic and impulsive feelings. One reason could be because you are picking up everyone else's vibrations and feelings, much like a radio receiver tuning into two or three frequencies at the same time. All that constant buzzing in the mind would make anyone irritable! Postpone making any major decisions - be they business, financial or personal. Wait until your mind feels clearer and stronger.

Beware people who are trying to control your thinking, and therefore avoid anyone who you feel may be a bad or negative influence.

As misunderstandings may occur at home or in your personal life, communication will be extremely important during this period. If you want to get your message across then make sure it is concise and to the point. Make sure your message comes across loud and clear.

Drained physical energy and vitality could make you prone to minor illness - beware relying too heavily on drugs or alcohol. Perhaps it's time to escape to a more tranquil setting - escape your everyday environment for a few days in order to realign mind, body and spirit.

Look before you leap

This is a time when you will try to use other people, be they either personal or business contacts, to get ahead in life. But beware arrogance and be careful not to end up taking everything and giving nothing in return. Remember to help those who have helped you.

Financial extravagance and blind optimism could also deplete your cash flow - you may feel as if your luck is in, but don't be fooled by superficial gloss and dubious get-rich-quick schemes.

A devil-may-care attitude, a desire for danger, adventure and impulsive restlessness could cause you to rush headlong into action without sufficient forethought. You could therefore be prone to accidents.

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your conduct selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom and then refuse to give it!

Opportunity and luck

During this time, you will put others before yourself and will be seen as self-confident, sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself, or simply have a strong shoulder for a friend in need to lean on. Past grudges should now be forgiven, forgotten and well and truly buried.

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different - and whatever you do start during this time should turn out well. Freedom and a sense of independence will also be of importance to you so there will be a temptation to break free of any restrictions - be they personal or professional - which are seemingly holding you back and keeping you stuck in a rut.

If you are going to break free, then it will be done in such a way as to consider other's feelings. In fact, during this time, new exciting and unusual friendships could be formed.

Some pleasant news or a small, unexpected, windfall may also come your way as a sort of 'thank you' for a past kindness; long forgotten by you, but not by the recipient. All good things come to those who truly deserve them!
